Programs That May Help You

Low Income Subsidy

There is a financial assistance program called the Low Income Subsidy (LIS/Extra Help) for qualified Medicare beneficiaries with limited income and assets that may help you pay Medicare Part D prescription drug costs.

If you have both Medicare and full Medi-Cal benefits, you will automatically receive Extra Help.

For others, there is an application process. We can help you determine if you qualify and assist you with the application process.

Medicare Savings Programs

Medicare Savings Programs (MSPs) are special programs created for Medicare beneficiaries to help with cost sharing.

MSP pays for all Medicare cost-sharing, including the Part A and Part B premiums and related deductibles. Eligibility is based on your monthly income. We can help you determine if you qualify.

This project was supported in part by grant numbers 1801CAMISH, 1801CAMIAA & 1801CAMIDR from the U.S. Administration for Community Living, Department of Health & Human Services, Washington, D.
